Jon Bodan is the lead guitar player and founding member of the international heavy metal band Halcyon Way. Jon has used his Brian Moore Custom Guitars exclusively for over a decade on several albums and countless live performances all over the world. The C90 Nailhead is the ultimate metal shredding machine, and it was designed by Jon and the luthiers at Brian Moore for the sole purpose of rock domination. Rock and metal players rejoice, for your new weapon of choice is here!
